The dazzling, award-winning debut in a series that delivers mystery, romance, suspense, and fascinating forensic detail. When farmers cutting turf in an Irish peat bog make a grisly discovery—the perfectly preserved head of a young woman with long red hair—Irish archaeologist Cormac Maguire and American pathologist Nora Gavin must use cutting-edge techniques to preserve ancient evidence.

Because the bog's watery, acidic environment prevents decay, it's difficult to tell how long the red-haired girl has been buried—two years, two centuries, or even much longer. Who is she? The extraordinary find leads to even more disturbing puzzles. The red-haired girl is not the only enigma in this remote corner of Galway. Two years earlier, Mina Osborne, the wife of a local landowner, went for a walk with her young son and vanished without a trace. Could they, too, be hidden in the bog's treacherous depths, only to be discovered centuries from now? Or did Hugh Osborne murder his family, as some villagers suspect? Bracklyn House, Osborne's stately home, holds many secrets, and Nora and Cormac's inquiries threaten to

expose them all.

The Irish landscape holds secrets past and present as archaeologist Cormac O'Callaghan and pathologist Nora Gavin encounter a mystery when a decapitated woman is found in the bogs who may be related to a recent mother/child disappearance.

A magnificent tale of death and destiny, past and present, in an Ireland rich with tradition, myth, and mystery: "Lake of Sorrows has a heft and richness uncommon in contemporary suspense novels" (Minneapolis Star-Tribune). American pathologist Nora Gavin has come to the Irish midlands to examine a

body unearthed at a desolate spot known as the Lake of Sorrows. As with all the artifacts culled from its prehistoric depths, the bog has effectively preserved the dead man's remains—his multiple wounds suggest he was the victim of an ancient pagan sacrifice known as “triple death.” But signs of a more recent slaying emerge when a second body, bearing a similar wound pattern, is found—this one sporting a wristwatch. Someone has come to this quagmire to sink their dreadful handiwork—and Nora soon realizes that she is being pulled deeper into the land and all it holds: the secrets to a cache of missing gold, a tumultuous love affair with archaeologist Cormac Maguire, and the dark mysteries and desires of the workers at the

site. As they draw closer to the truth, Nora and Cormac must exercise the utmost caution to avoid becoming the next victims of a ruthless killer fixated on the gruesome notion of triple death.

“Hart combines powerful insights into human nature and pristine prose with history and archeology in her stellar fourth crime novel” (Publishers Weekly) about an ancient volume of philosophical heresy that provides a motive for murder. After a year away from working in the field, archaeologist Cormac Maguire and pathologist Nora Gavin are back in the bogs, investigating a ninth-century body found buried in the trunk of a car. They discover that the ancient corpse

is not alone—pinned beneath it is the body of Benedict Kavanagh, missing for mere months and familiar to television viewers as a philosopher who enjoyed destroying his opponents in debate. Both men were viciously murdered, but centuries apart—so how did they end up buried together in the bog? While on the case, Cormac and Nora lodge at Killowen, a nearby artists' colony, organic farm, and sanctuary for eccentric souls. Digging deeper into the older crime, they become entangled in high-stakes intrigue encompassing Kavanagh's death while surrounded by suspects in his ghastly murder. It seems that everyone at Killowen has some secret to protect. Set in modern-day Ireland, *The Book of Killowen* reveals a

AWARD-WINNING AUTHOR ERIN HART DELIVERS A SEARING NEW NOVEL OF SUSPENSE, BRILLIANTLY MELDING MODERN FORENSICS AND IRISH MYTH AND MYSTERY IN THIS CHARGED THRILLER. American pathologist Nora Gavin fled to Ireland three years ago, hoping that distance from home would bring her peace. Though she threw herself into the study of bog bodies and the mysteries of their circumstances, she was ultimately led back to the one mystery she was unable to solve: the murder of her sister, Tríona. Nora can't move forward until she goes back—back to her

home, to the scene of the crime, to the source of her nightmares and her deepest regrets. Determined to put her sister's case to rest and anxious about her eleven-year-old niece, Elizabeth, Nora returns to Saint Paul, Minnesota, to find that her brother-in-law, Peter Hallett, is about to remarry and has plans to leave the country with his new bride. Nora has long suspected Hallett in Triona's murder, though there has never been any proof of his involvement, and now she believes that his new wife and Elizabeth may both be in danger. Time is short, and as Nora begins reinvestigating her sister's death, missed clues and ever-more disturbing details come to light. What is the significance of the "false mermaid" seeds found

on Triona's body? Why was her behavior so erratic in the days before her murder? Is there a link between Triona's death and that of another young woman? Nora's search for answers takes her from the banks of the Mississippi to the cliffs of Ireland, where the eerie story of a fisherman's wife who vanished more than a century ago offers up uncanny parallels. As painful secrets come to light, Nora is drawn deeper into a past that still threatens to engulf her and must determine how much she is prepared to sacrifice to put one tragedy to rest . . . and to make sure that history doesn't repeat itself.

best-loved creation, a thoroughly Victorian feminist who takes the stuffy world of archaeology by storm with her shocking men's pants and no-nonsense attitude! In this first adventure, our headstrong heroine decides to use her substantial inheritance to see the world. On her travels, she rescues a gentlewoman in distress - Evelyn Barton-Forbes - and the two become friends. The two companions continue to Egypt where they face mysteries, mummies and the redoubtable Radcliffe Emerson, an outspoken archaeologist, who doesn't need women to help him solve mysteries -- at least that's what he thinks!

'Minnesota nice' casts a long shadow. Dark emotions and even darker thoughts seep from these murky depths, harvested by writers whose stories take us down in flames, up in smoke, and leave us helplessly entranced by the haunting call of the loon.

Forty-one-year-old school nurse Kate Cypher has returned home to rural Vermont to care for her mother who's afflicted with Alzheimer's. On the night she arrives, a young girl is murdered—a horrific crime that eerily mirrors another from Kate's childhood. Three decades earlier, her dirt-poor friend Del—shunned and derided by classmates as "Potato Girl"—was brutally slain. Del's killer was never found,

while the victim has since achieved immortality in local legends and ghost stories. Now, as this new murder investigation draws Kate irresistibly in, her past and present collide in terrifying, unexpected ways. Because nothing is quite what it seems . . . and the grim specters of her youth are far from forgotten. More than just a murder mystery, Jennifer McMahon's extraordinary debut novel, *Promise Not to Tell*, is a story of friendship and family, devotion and betrayal—tautly written, deeply insightful, beautifully evocative, and utterly unforgettable.

That was the mistake Staff Sergeant Torin Kerr made with General Morris. But as a battle-hardened professional, she took pride in doing her job and getting her troops back alive. So after she'd saved the mission to bring the Silviss into the Confederation—instead of losing them and their world to the enemy known only as the Others—she let the general know exactly how she felt. And Torin's reward—or punishment—was to be separated from her platoon and sent off on what might well prove an even more perilous assignment. She was

commandeered to protect a scientific expedition to a newly discovered and seemingly derelict spaceship of truly epic proportions. And Confederation politics had saddled her with a commanding officer who might prove more of a menace to the mission's success than anything they encountered. Only time would tell if the ship was what it appeared to be, or a trap created by the Others—or the work of an as-yet unknown alien race with an agenda that could prove all too hostile to other life forms....
